GHM-4C
[3 Well]

The *GILES Heated Merchandiser (GHM-C)* is designed to display a maximum number of your menu selections while keeping them fresh and at the proper serving temperature, awaiting sale for the enjoyment of your customers.

- Upper & lower independent heat controls for each pan well. Bottom Calrod® heat elements and top ceramic infrared heaters.
- The wells can be configured in practically an endless number of different layouts, utilizing **1/4, 1/3, 1/2 or full-size** steam table pans. Units will accept 2-1/2" to 4" deep pans ... **(Pans are NOT included)**.
- *GHM Merchandisers* are designed with flexibility in mind; available with various service options to satisfy your particular situation ... full-serve, fully customer self-serve, or a combination with a 2-ft self-serve section at either end. Tile inserts (*sold separately*) can be used these self-serve sections to easily present packaged "grab-n-go" items.
- All stainless steel construction.
- Side glass and rear sliding doors have a mirror-tint finish for an elegant appearance.
- Economical fluorescent lighting.
- Fold-down, polyethylene (HDPE) cutting board/work-shelf along entire width on server-side

Design Features

Top infrared ceramic heaters ensure foods are kept at proper holding and serving temperature. Economical fluorescent lighting illuminates items for the perfect presentation.

Easy to use controls independently set the a lower & upper temperature for each pan well.

Curved European-style front glass maximizes product visibility.

Pneumatic struts provide just the right amount of assistance to easily open the front glass, then hold it open for easy cleaning.

Removable mirror-tinted side glass and rear sliding doors.

Standard Items Provided:

- Basic set of *Pan Dividers* • Adjustable legs • Folding workshelf/cutting board (server side)
- Sneeze guard (self-serve model only) • Strain relief for power cord

Service pans and pan grates are not provided
